11th Advanced Symposium on Pediatric Cardiovascular Imaging

The Society for Pediatric Radiology and Ann & Robert H. Lurie Children’s Hospital of Chicago are pleased to co-sponsor the 11th Advanced Symposium on Pediatric Cardiovascular Imaging. Organized by the Department of Medical Imaging and the Division of Pediatric Cardiology at Lurie Children’s, and the Departments of Diagnostic Imaging at the UCSF Benioff Children’s Hospital Oakland and the Hospital for Sick Children in Toronto, the Symposium will be held at Lurie Children’s in Chicago, October 16-18, 2015.

The 11th Advanced Symposium on Pediatric Cardiovascular Imaging is a two and half-day course (Earn AMA PRA Category 1 Credits™) designed to review advanced utilization of imaging of heart diseases in children with an emphasis on MR. Major session topics include:

- Multi-modality Imaging Following Fontan Surgery
- Myocardial Stress Perfusion in Pediatrics: Dark Rim or Bright Future?
- Neurodevelopment & Imaging in Congenital Heart Disease
- Technical MR and CT Updates
- MR of Myocardial Mechanics
- A Second Look at Repaired Conotruncal Anomalies
- Structure-Function Imaging in Bicuspid Valve Aortopathy Across the Age Spectrum
- Cardiovascular MRA Contrast Agents, Beyond the ABC’s

The program will also contain the popular “Works-in-Progress” sessions, in which cardiovascular imagers from major pediatric institutions from North America, Europe, and Asia will present their ongoing research results and/or plans.

The deadline for registration is August 30, 2015. For further information about the symposium and registration, please visit the SPR website: http://www.pedrad.org/Events/SPRMeetings.aspx. Please contact Vince Mahler, administrative assistant at Lurie Children’s Hospital, with questions: vmahler@luriechildrens.org.

We look forward to having a productive advanced pediatric cardiovascular imaging course.

Sincerely yours,
