

Please Join us for a Satellite Symposium at the  
Society for Pediatric Radiology 2017

**Radiological Diagnosis and Treatment Aspects  
of Several Skeletal Dysplasias:**  
*A Focus on the Mucopolysaccharide  
Disorders and Achondroplasia*

Tuesday, May 16, 2017 | 12:10 pm – 1:25 pm

*A box lunch will be served.*

**BOMARIN**<sup>®</sup>

The Westin Bayshore | Room: Stanley Park Ballroom, Salons 1 & 2  
Vancouver, BC, Canada

## Satellite Symposium

# Radiological Diagnosis and Treatment Aspects of Several Skeletal Dysplasias:

## *A Focus on the Mucopolysaccharide Disorders and Achondroplasia*

Tuesday, May 16, 2017 | 12:10 pm – 1:25 pm

The Westin Bayshore | Room: Stanley Park Ballroom, Salons 1 & 2 | Vancouver, BC, Canada

*A box lunch will be served.*

### Objectives

- Explore the latest diagnostic and molecular pathways for achondroplasia and Morquio A
- Evaluate the real-world surgical challenges and clinical experiences with non-classical Morquio A and achondroplasia patients

### Agenda

12:10 pm - 12:15 pm	<b>Welcome, Statement of Goals, and Introductions</b> Ralph Lachman, MD ~ Stanford, CA
12:15 pm - 12:30 pm	<b>Radiological Diagnosis of MPS: What are the Tell-Tale Radiographic Signs to Look for?</b> Ralph Lachman, MD ~ Stanford, CA
12:30 pm - 12:40 pm	<b>Surgical Management of Pediatric Patients with MPS</b> William G. Mackenzie, MD ~ Wilmington, DE
12:40 pm - 12:50 pm	<b>Achondroplasia: Radiographic Findings</b> Ralph Lachman, MD ~ Stanford, CA
12:50 pm - 1:00 pm	<b>Surgical Management of Patients with Achondroplasia</b> William G. Mackenzie, MD ~ Wilmington, DE
1:00 pm - 1:10 pm	<b>BioMarin's Commitment to Therapies for Rare Disease</b> Adrian Quartel, MD ~ San Rafael, CA
1:10 pm - 1:25 pm	<b>Panel Discussion</b> All Faculty
