Be alert for abnormal findings in similar clinical situations.

Recognize the abnormal findings in similar cases.

Formulate a differential diagnosis for similar abnormal findings.

Additional specific objectives:

I am a

[ ] resident [ ] fellow [ ] faculty member [ ] medical student [ ] other _____________________

Content:

The educational objectives were achieved. Strongly disagree Strongly agree

1 2 3 4 5

Appropriate topics/cases/articles were chosen. Strongly disagree Strongly agree

1 2 3 4 5

Topics/cases/articles were well-researched and explained. Strongly disagree Strongly agree

1 2 3 4 5

The topic was relevant to me in my practice and I will be able to apply what I have learned. Strongly disagree Strongly agree

1 2 3 4 5

Presentation:

The lecturer was clear and easy to understand. Strongly disagree Strongly agree

1 2 3 4 5

The fellow fielded questions appropriately, demonstrated mastery of the topic. Strongly disagree Strongly agree

1 2 3 4 5

Technical aspects of the presentation were smooth. Strongly disagree Strongly agree

1 2 3 4 5

The radiographic images were of good quality and findings were visible when pointed out. Strongly disagree Strongly agree

1 2 3 4 5

Handout:

I will keep the handout for reference in the future. Strongly disagree Strongly agree No Handout

1 2 3 4 5

Other comments and suggestions: Please use the back of this sheet to write on. Your comments are welcome! Please return this sheet to Dr. Benson at the end of the lecture, by campus mail (address to “Dr. Jane Benson – Central Radiology”), or bring to Nelson B-173. Thank you!

I have reviewed this evaluation and have resolved any questions I had.
