

The John Dorst-Felix Fleischner Seed Grant in Pediatric Thoracic Radiology

The SPR Research and Education Foundation is happy to announce the establishment of the Dorst-Fleischner Seed Grant in Pediatric Thoracic Radiology.

The Dorst-Fleischner award is made possible by a donation from Dr. Jerry Kuhn, SPR Past President and Gold medalist, who wished to both recognize his mentors and foster excellence in pediatric thoracic radiology research.

The new seed grant will be awarded in the course of the SPR REF's traditional grant review and funding process.

The REF Board accepts applications for seed grants in two cycles each year—applications due October 15 and March 15.

Additional application information and forms can be found on the Research and Education page of the SPR website at www.pedrad.org or by contacting Jennifer Boylan at jboylan@acr.org.
