

The Alliance for Radiation Safety in Pediatric Imaging

*Image Gently: An International
Educational and Social
Awareness Campaign*

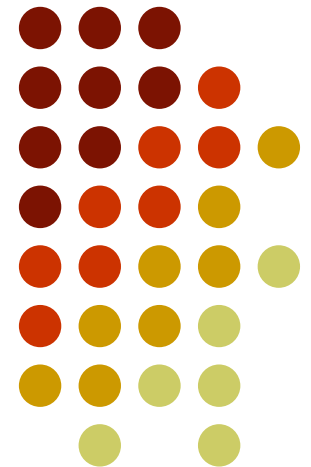

Image Gently

- 53 organizations
 - 18 are based outside of the USA
- Growing partnerships with international children's health, radiology, medical physics, and radiation protection groups

Session Objectives

- Part 1: each speaker will have 5 minutes to briefly summarize their national health care and influences on radiology practice
 - Access to imaging (CT, MR)
- Part 2: will focus on differences in global attitudes regarding radiation protection and key influences on how these attitudes have evolved (historical events, laws)
- Part 3: case study

Our Panel Speakers

- Cathy Owens, MD: European Society of Paediatric Radiology
- Hyun Woo Goo, MD, PhD: Asian and Oceanic Society for Pediatric Radiology
- Timothy Cain, MD: Australian and New Zealand Society for Paediatric Radiology
- Ximena Ortega, MD: Latin American Society of Pediatric Radiology (Chile)
- Henrique Letterman, MD, PhD: Latin American Society of Pediatric Radiology (Brazil)
- Donald Frush, MD: Society for Pediatric Radiology

International Collaborations provide us with new ideas, tools and understanding

- Thank you to our international panel today
- And to all the dedicated and talented volunteers in radiology, medical physics & radiologic technology!
