

The Society for Pediatric Radiology

58th Annual Meeting & Postgraduate Course
Hyatt Regency Hotel • Bellevue, Washington

VISUALIZE THE FUTURE

Postgraduate Course • April 27–28, 2015
Annual Meeting • April 28–May 1, 2015

Jointly provided by the American College of Radiology

President's Welcome

Dear Colleagues:

Medicine is changing in response to new science and discovery, better knowledge about healthcare delivery and outcomes, changing government and payor regulations, and patient preferences and demands. Imaging is subject to these same influences and pressures, and our practices will not look the same in the coming years as they have in past decades. This has caused many radiologists to bemoan the demise of medicine and to become dissatisfied and discontent with the practice of radiology. I think that is an unfortunate and overly pessimistic view of the situation. While many of the forces of change are beyond our control, many are not, and we as a specialty have the ability (and even a responsibility) to work to shape our own destiny. This may not be easy or comfortable, but it is necessary and has the potential to place radiology as an even more important and relevant part of medicine than it is today. The theme of this year's meeting is "Visualize the Future," because that is what we need to do before making our future happen.

Brian D. Coley, MD, FACR

To help us with that visualization, Dr. Robert Gillies from the Moffitt Cancer Center will deliver the Neuhauser Lecture and speak to us about radiogenomics, the integration of genetic and imaging data. The postgraduate course organized by Drs. Alex Towbin and Ethan Smith, the educational sessions put together by Drs. Paul Guillerman and Tess Chapman, and the presented academic work by our talented colleagues should also provide inspiration about where we can go, and what we can do to provide the pediatric imaging care of the future.

Inspiration can also come during discussion with colleagues, during a good party, and with quiet contemplation. Bellevue and Seattle are in a beautiful setting that deserves to be explored. So at some point get out of the hotel for a walk or run and see the area. Take the time to get together with friends at any one of the many terrific restaurants and entertainment venues in the area. If that isn't sufficient, then perhaps a pint of local pale ale, glass of fine Washington wine, or other beverage of your choice will lead to insight and inspiration, and maybe the next "big idea."

I hope that you find value in the meeting content and in the interaction with your friends and colleagues, and that you have some fun. Think about what pediatric radiology can be, where we can do more for our patients, and truly change the outcomes in their care. Take what you learn and discuss back home with you and put it to use, and together we can create a bright future for our specialty.

Sincerely,

A handwritten signature in black ink that reads "Brian D. Coley". The signature is written in a cursive, flowing style and is positioned above a horizontal line.

Brian D. Coley, MD, FACR

OBJECTIVES

The Society for Pediatric Radiology Annual Meeting & Postgraduate Course will provide pediatric and general radiologists with an opportunity to do the following:

1. Summarize the most current information on state of the art pediatric imaging and the practice of pediatric radiology.
2. Describe and apply new technologies for pediatric imaging.
3. Describe and apply basic principles for implementing quality and safety programs in pediatric radiology.
4. Discuss trends in research concerning the care and imaging of pediatric patients.
5. Identify common challenges facing pediatric radiologists, and possible solutions.
6. Evaluate and apply means of minimizing radiation exposure during diagnostic imaging and image guided therapy.

At the conclusion of the experience, participants should have an improved understanding of the technologies discussed, increasing awareness of the costs and benefits of diagnostic imaging in children and of ways to minimize risks, and an improved general knowledge of pediatric radiology, especially as it interfaces with clinical decision making.

CONTINUING MEDICAL EDUCATION

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American College of Radiology and The Society for Pediatric Radiology. The American College of Radiology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement (Postgraduate Course)

The American College of Radiology designates this live activity for a maximum of *10.75 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Designation Statement (Annual Meeting)

The American College of Radiology designates this live activity for a maximum of *23.5 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Technologists

The American College of Radiology is approved by the American Registry of Radiologic Technologists (ARRT) as a Recognized Continuing Education Evaluation Mechanism (RCEEM) to sponsor and/or review Continuing Medical Educational programs for Radiologic Technologists and Radiation Therapists.

The American College of Radiology designates this educational activity as meeting the criteria for up to **35 Category A** credit hours of the ARRT.

SAMs

The Postgraduate Course, as well as the Interventional, Neuroradiology and Nuclear Medicine special sessions on Friday meet the ABR's criteria for a self-assessment (SAM) activity in the ABR Maintenance of Certification (MOC) program.

SPECIAL SESSIONS – FRIDAY, MAY 1ST

8th ANNUAL EDUCATION SUMMIT

This year's half-day summit features a dynamic group of radiologists who are thinking outside traditional educational boundaries to engage current and future practitioners in developing pediatric imaging expertise. Topics will include international education outreach, methods for functional departmental learning (including using peer review as a teaching platform), the use of evolving technology to advance local and widespread interactive learning, and creating a promotional teaching portfolio. The centerpiece of this summit will be a focused workshop on building eBooks that will allow attendees to create an educational product during the session*. (**Please note that only individuals bringing a Mac computer to this session will be able to create an iBook real-time, though all may benefit from attendance.*)

OVERVIEW

INTERVENTIONAL RADIOLOGY (SAM SESSION)

The goal of this session is to review the current techniques of embolization when treating diseases of the chest, abdomen, pelvis, and extremities. Pediatric Interventional problems that will be discussed include hemoptysis, gastrointestinal bleeding, embolization of angiomyolipomas, liver tumor treatment-emerging technology, and the treatment of traumatic injuries. The session will conclude with case presentations in which the audience can discuss challenging Pediatric Interventional problems.

NEURORADIOLOGY SESSION (SAM SESSION)

The Pediatric Neuroradiology session for 2015 comprises two sessions-Brain malformations and Craniosynostosis.

Brain malformations are heterogeneous in etiology and expression. The classification of brain malformations has benefited enormously in recent years from advances in the understanding of genetic causes of anomalous brain development. This session will focus on the genetic underpinnings of brain malformations with didactic and case presentations illustrating the neuroimaging phenotypic features resulting from the genetic alterations

Craniosynostosis is the result of a complex interplay of multiple factors. The treatment of craniosynostosis is frequently surgical with imaging playing an important part of pre-operative planning and post-operative assessment. This session will focus on the biology, role of imaging and operative intervention in the craniosynostoses. Along with the didactic components, case presentations will be employed to illustrate management.

NUCLEAR MEDICINE SESSION (SAM SESSION)

“Advances in Hybrid Imaging” - Hybrid Imaging is here to stay!! Join us as we discuss best practices-including dose reduction strategies-for performing and interpreting SPECT/CT and FDG PET/CT. Learn from the experts about the common and uncommon indications for SPECT/CT and FDG PET/CT in musculoskeletal and oncologic applications. Hear the latest data on the utility of FDG PET/CT in pediatric epilepsy and the value added role of MRI in this entity. Listen to recommendations--including

appropriate MR protocols --f or oncologic imaging using PET/MR, the newest and one of the most promising tools in hybrid imaging.

NEW! POTPOURRI SESSION: CASE BASED LESSONS FROM THE EXPERTS

Learn from the experts! In this novel session, a potpourri of thoracic, musculoskeletal, genitourinary, and gastrointestinal cases will be presented to illustrate practical pearls and pitfalls for pediatric radiologists interpreting radiographic, fluoroscopic, ultrasound, CT and MRI studies. The interesting cases and instructive points covered in this session will allow audience members to expand their general fund of pediatric radiology knowledge and enhance their problem-solving skills.

HANDS-ON ULTRASOUND SESSION

Ultrasound is an ideal modality for pediatric imaging. Pediatric radiologists have traditionally been among the best trained and most adept at performing and interpreting ultrasound. However, with a decline in ultrasound education in radiology residencies and pediatric radiology fellowships, the amount of “hands-on” experience for trainees and faculty has diminished. This course will provide a mix of didactic lectures, demonstration of exams by expert sonologists, and hands-on scanning by participants with faculty guidance. Evaluation of the child with suspected appendicitis will be followed by evaluation of developmental dysplasia of the hip. Lastly, ultrasound evaluation of the upper extremity with emphasis on dynamic scanning will conclude the session. Practical techniques will be reviewed to improve sonographic diagnostic performance.

OVERVIEW

3D READ WITH THE EXPERTS LUNCH SESSION

(Lunch provided for the first 100 participants)
You are invited to participate in the Sixth Annual 3D Read with the Experts Lunch session on Tuesday, April 28, from 12:05-1:15 p.m. The objective of this session is for pediatric radiologists to observe the use of the latest 3D and 4D advanced image visualization, image postprocessing, and informatics, in an effort to assist pediatric radiologists in their application of advanced workstations integration into their daily clinical practice. Pre-registration is not required. This activity is on a first-come, first-serve basis. *Supported by Philips Healthcare, Siemens Healthcare and Vital.*

3D Workstation Hands-on Training

Workstation demonstrations will be offered in the exhibit hall beginning at 12:00 p.m. on Tuesday, April 28, concluding Thursday, April 30 at 4:15 p.m. Application specialists from participating vendors including GE, Philips, Siemens and Vital will be available. Attendees will be able to review specific features of each workstation and learn how to apply the latest soft ware and techniques for advanced pediatric imaging analysis. *Supported by GE Healthcare, Philips Healthcare, Siemens Healthcare and Vital.*

Protocol Sessions

(Lunch provided for the first 60 participants per session) Protocol refinement and problem solving sessions will be offered again this year. The goal of these sessions is to develop, through discussion and interaction, manufacturer-specific CT, US and MR protocol improvements. Provided templates and audience suggestions, and discussions of challenges will help fashion protocol improvements. SPR participants should come prepared with specific questions and challenges. Vendors will also have representatives, who can respond to questions about trouble with specific exam types, sequencing, best sequencing processes, image optimization, dose reduction, etc. *Supported by GE Healthcare*, Philips Healthcare, Siemens Healthcare and Toshiba America Medical Systems. *Excluding MR.*

Junior SPR Program

If you are a trainee or fewer than five years out of training, please join us for the annual Junior SPR

(jSPR) Night Out! The jSPR is an organization dedicated to meeting the needs of young pediatric radiologists as they embark on their careers. We will have an evening of dinner and bowling at Lucky Strikes on Wednesday, April 29th at 6:30 p.m., so please come, connect, and have fun with your colleagues!

ART SHOW & AUCTION

The Hooshang Taybi Art Show & Auction is back by popular demand! Once again we will showcase our members' talents to benefit the Research and Education Foundation. The Art Show and Auction will remain open during the Dinner Dance Reception on Thursday and will close immediately after. Questions or ideas may be addressed to jboylan@acr.org.

COMMUNITY OUTREACH PROJECT

We would like to continue in the spirit of giving, this year we will be partnering with Seattle Children's Hospital by supporting their Toy Program. The Toy Program donates new toys and personal items to patients and their families when they need help the most. Join the SPR by donating gifts and supplies that are deemed safe for patients and their families. Donations can be brought directly to the SPR Annual Meeting. For more information on the Toy Program and donation guidelines, please visit the Events webpage of the SPR website, www.pedrad.org.

ACKNOWLEDGEMENTS

The SPR gratefully acknowledges the support of the following companies:

GE Healthcare

Philips Healthcare

Siemens Healthcare

Toshiba America Medical Systems

GUEST FACULTY (Non-Members of SPR)

Adam M. Alessio, PhD
Research Associate Professor
University of Washington
Seattle, Washington

Catherine Amlie-Lefond, MD
Director, Pediatric Vascular Neurology Program
Seattle Children's Hospital
Associate Professor of Neurology
University of Washington School of Medicine
Seattle, Washington

Jonathan Chen, MD
Chief, Pediatric Cardiovascular Surgery
Co-Director of the Heart Center
Seattle Children's Hospital
Professor of Surgery
University of Washington School of Medicine
Seattle, Washington

Edith Y. Cheng, MD, MS
Professor, Department of Obstetrics & Gynecology
Professor, Department of Internal Medicine
Chief of Service, Obstetrics
Division Chief, Maternal Fetal Medicine
Medical Director, Prenatal Genetics and Fetal
Therapy Program
University of Washington School of Medicine
Seattle, Washington

Michael L. Cunningham, MD, PhD
Chief of the Division of Craniofacial Medicine
Medical Director of Craniofacial Center
Seattle Children's Hospital
Professor of Pediatrics in the Department
of Pediatrics
University of Washington School of Medicine
Seattle, Washington

William B. Dobyns, MD
Principle Investigator
Seattle Children's Research Institute

HOTEL INFORMATION

HYATT REGENCY HOTEL

900 Bellevue Way NE
Bellevue, Washington 98004
Phone: (425) 462-1234

Single Standard Room \$215.00*
Double Standard Room \$215.00*
Each additional person will be charged
\$25.00 per day.

*The above rates are subject to applicable state and local taxes (14.4% at the time of posting; subject to change) in effect at the time of check-in.

Reservations may be booked online by visiting the SPR website at www.pedrad.org and selecting the Events link.

To obtain the group rate, you must identify yourself as being with the SPR Annual Meeting.

The hotel reservation deadline is Friday, March 27, 2015. The group rate will be confirmed based upon availability. It is possible that hotel rooms may sell out prior to the deadline; therefore it is strongly recommended that you make your reservation as early as possible. Reservations made after March 27th will be taken on a space-available basis and the SPR group rate cannot be guaranteed.

Reservations must be guaranteed by credit card deposit equal to one night's stay (including applicable taxes). Your first night's room deposit is fully refundable if canceled at least 24 hours prior to your arrival date. Be sure to ask for a cancellation number.

PROGRAM

The Society for Pediatric Radiology Postgraduate Course 2015

Brian D. Coley, MD, FACR, Program Director

Ethan A. Smith, MD and Alexander J. Towbin, MD, Course Directors

MONDAY, APRIL 27, 2015

<i>Start Time</i>	<i>End Time</i>	
7:00 AM	8:00 AM	Continental Breakfast
7:00 AM	5:00 PM	Registration
7:45 AM	7:50 AM	Welcome and Introduction Brian D. Coley, MD, FACR
7:50 AM	8:00 AM	Course Overview Ethan A. Smith, MD and Alexander J. Towbin, MD
8:00 AM	9:50 AM	Fetal Imaging <i>Eva I. Rubio, MD and Mariana L. Meyers, MD, Moderators</i>
8:00 AM	8:10 AM	Cortical Dysplasias and Implications in Postnatal Life - David M. Mirsky, MD
8:10 AM	8:20 AM	Fetal Posterior Fossa Fluid Collections - Matthew T. Whitehead, MD
8:20 AM	8:30 AM	Fetal Orbits and Ears - Maria A. Calvo-Garcia, MD
8:30 AM	8:40 AM	Spinal Dysraphism Imaging and Postnatal Correlation: Where Are We Now? - Dorothy I. Bulas, MD, FACR
8:40 AM	8:50 AM	CDH: What's on the Horizon? - Amy Mehollin-Ray, MD
8:50 AM	9:00 AM	Prenatal Diagnosis of Congenital Chest Anomalies - Akosua Sintim-Damoa, MD
9:00 AM	9:10 AM	Fetal Intestinal Obstruction: Prenatal/Postnatal Correlation - Eva I. Rubio, MD
9:10 AM	9:20 AM	Prenatal Urinary Tract Dilatation: What to Tell the Pediatricians? - Mariana L. Meyers, MD
9:20 AM	9:50 AM	Q&A with RSNA Diagnosis Live™
9:50 AM	10:10 AM	Break
10:10 AM	12:00 PM	Musculoskeletal Imaging <i>Robert Orth, MD, PhD and Mahesh M. Thapa, MD, Moderators</i>
10:10 AM	10:20 AM	Hip Dysplasia: What the Orthopedist Wants to Know - Klane K. White, MD
10:20 AM	10:30 AM	Infection Imaging - Robert Orth, MD, PhD
10:30 AM	10:40 AM	Ultrasound of Shoulder Dysplasia - Mahesh M. Thapa, MD
10:40 AM	10:50 AM	Pediatric Temporomandibular Joint Imaging - Arthur Meyers, MD
10:50 AM	11:00 AM	US Guided Joint Injections - Jeffrey P. Otjen, MD
11:00 AM	11:10 AM	Skeletal Dysplasia - Shawn E. Parnell, MD
11:10 AM	11:20 AM	Posterolateral Corner Injuries - Siddharth P. Jadhav, MD
11:20 AM	11:30 AM	Vascular Malformation Intervention - Giridhar M. Shivaram, MD
11:30 AM	12:00 PM	Q&A with RSNA Diagnosis Live™

PROGRAM

Postgraduate Course *(Continued)*

PROGRAM

Annual Meeting Program 2015 *(Continued)*

WEDNESDAY, APRIL 29, 2015

Start Time *End Time*

6:45 AM **8:00 AM** **Continental Breakfast & Exhibits**

6:30 AM **5:00 PM** **Registration**

7:00 AM **8:20 AM** **SUNRISE SESSIONS (CONCURRENT)**

Tools for Process Improvement: Learning the ABCs

Eva I. Rubio, MD, Moderator

7:00 AM	7:05 AM	Introduction
7:05 AM	7:20 AM	Introduction to QA/PI Terminology and Approaches - Hedieh K. Eslamy, MD
7:20 AM	7:40 AM	Concepts of High Reliability - David B. Larson, MD, MBA
7:40 AM	8:00 AM	Tools in QA/PI: What Works and What Doesn't - Eva I. Rubio, MD
8:00 AM	8:20 AM	The Role of Leadership in QA/PI - Lane F. Donnelly, MD

Child Abuse: In the Courtroom

Paul K. Kleinman, MD, FAAP, Moderator

7:00 AM	7:05 AM	Introduction
7:05 AM	7:15 AM	Child Abuse in the Courtroom: An Introduction to the Law - Joëlle Moreno, JD
7:15 AM	7:20 AM	Child Abuse Pediatricians in Court - Ken Feldman, MD, FAAP
7:20 AM	7:35 AM	Court Case Vignettes - Paul K. Kleinman, MD, FAAP
7:35 AM	7:50 AM	Expert Witness in the Courtroom - Stephen L. Done, MD
7:50 AM	8:05 AM	Osteogenesis Imperfecta and Other Diseases Both True and Untrue - Jerry R. Dwek, MD
8:05 AM	8:20 AM	Discussion, Question and Answer

Contrast-Enhanced Ultrasound

Kassa Darge, MD, PhD, Moderator

7:00 AM	7:20 AM	Safety of US Contrast Agents - Kassa Darge, MD, PhD
7:20 AM	7:40 AM	Application of CEUS for Pediatric Abdominal Masses - M. Beth McCarville, MD
7:40 AM	8:00 AM	Application of CEUS in Blunt Abdominal Trauma - Harriet J. Paltiel, MD, CM
8:00 AM	8:15 AM	Application of CEUS for Pediatric Inflammatory Bowel Disease - Jonathan R. Dillman, MD
8:15 AM	8:20 AM	Question and Answer

Image Gently: Update on Radiation Dose Recording, Reporting and Monitoring: Meaningful Use or Useless Meaning?

Donald P. Frush, MD, FACR, Moderator

7:00 AM	7:10 AM	Update on Radiation Dose Analytics: Meaningful Use or Useless Meaning?
		Introduction - Donald P. Frush, MD, FACR
7:10 AM	7:15 AM	General Dose Metrics - Keith J. Strauss, MSc, FACR

PROGRAM

Annual Meeting Program 2015 (Continued)

WEDNESDAY, APRIL 29, 2015 (Continued)

Start Time	End Time	
		Modality Dose Estimation Metrics
7:15 AM	7:23 AM	CT - Keith J. Strauss, MSc, FACR
7:23 AM	7:31 AM	New Digital Radiography Exposure Indicators and ACR Dose Index Registry for Digital Radiography - Steven Don, MD
7:31 AM	7:39 AM	Fluoroscopy - Marta Hernanz-Schulman, MD, FACR, FAAP
7:39 AM	7:47 AM	Interventional Radiology - Bairbre Connolly, MD
7:47 AM	7:55 AM	Radiation exposures in Pediatric Nuclear Medicine and Molecular Imaging - Updates - S. Ted Treves, MD
7:55 AM	8:10 AM	Risk Benefit Communication - R. Paul Guillerman, MD
8:10 AM	8:20 AM	Question and Answer
		Pediatric Thoracic Imaging
		<i>Edward Y. Lee, MD, MPH and Beverley Newman, MBBCH, FACR, Moderators</i>
7:00 AM	7:12 AM	How to Deal with Breathing Motion Artefact and Atelectasis in Pediatric Chest CT - Beverley Newman, MBBCH, FACR
7:12 AM	7:24 AM	How to Do and Interpret CT for Interstitial Lung Disease in Childhood - Alan S. Brody, MD
7:24 AM	7:36 AM	How to Address the Incidental Pulmonary Nodule in a Child - Sjirk J. Westra, MD
7:36 AM	7:48 AM	When and How to Do Non-Cardiovascular Chest MRI in Children - Edward Y. Lee, MD, MPH
7:48 AM	8:00 AM	How and When to Use Chest Ultrasound in Children - Monica Epelman, MD
8:00 AM	8:20 AM	Question and Answer
8:30 AM	10:40 AM	Scientific Session II-A : Fetal/Neonatal (concurrent)
		<i>Erika Rubesova, MD and Eva I. Rubio, MD, Moderators</i>
8:30 AM	8:50 AM	Evidenced Based Value of Fetal MRI - Edith Y. Cheng, MD, MS
8:50 AM	10:40 AM	Scientific Papers - Fetal/Neonatal
8:30 AM	10:40 AM	Scientific Session II-B: Cardiovascular (concurrent)
		<i>Rajesh Krishnamurthy, MD and Daniel Wallihan, MD, Moderators</i>
8:30 AM	8:50 AM	Cardiac Imaging and Decision Making: A Surgeon's Perspective - Jonathan Chen, MD
8:50 AM	10:40 AM	Scientific Papers - Cardiovascular
8:30 AM	10:40 AM	Scientific Session II-C: ALARA (concurrent)
		<i>Steven Don, MD and Keith J. Strauss, MSc, FACR, Moderators</i>
8:30 AM	8:50 AM	Image Gently: Where We've Been and Where We're Going - Donald P. Frush, MD, FACR
8:50 AM	10:40 AM	Scientific Papers - ALARA
10:40 AM	11:00 AM	Break & Exhibits

PROGRAM

Annual Meeting Program 2015 (Continued)

WEDNESDAY, APRIL 29, 2015 (Continued)

Start Time	End Time	
11:00 AM	12:00 PM	Scientific Session III-A: Public Policy, Healthcare, Education, Technology (concurrent) <i>Richard E. Heller, III, MD, MBA and David B. Larson, MD, MBA, Moderators</i>
11:00 AM	11:20 AM	Adult Learning - Mahesh M. Thapa, MD
11:20 AM	12:00 PM	Scientific Papers - Public Policy, Healthcare, Education, Technology
11:00 AM	12:00 PM	Scientific Session III-B: Genitourinary (concurrent) <i>Michael Riccabona, MD and Damien Grattan-Smith, MBBS, Moderators</i>
11:00 AM	11:20 AM	Is There a Role for MR Urography Without Quantitative Functional Analysis? - Damien Grattan-Smith, MBBS
11:20 AM	12:00 PM	Scientific Papers - Genitourinary
12:00 PM	1:30 PM	Lunch On Your Own
12:00 PM	1:30 PM	jSPR Luncheon (<i>pre-registration required</i>)
12:00 PM	1:30 PM	CT Protocol Session <i>Michael J. Callahan, MD, Sheila Berlin, MD and Keith J. Strauss, MSc, FACR, Moderators</i> (Lunch provided for the first 60 participants; first-come, first-serve basis)
1:30 PM	3:40 PM	Scientific Session IV-A: Gastrointestinal (concurrent) <i>Gregory Bates, MD and Ethan A. Smith, MD, Moderators</i>
1:30 PM	1:50 PM	Current Issues in Inflammatory Bowel Disease - Ghassan Wahbeh, MD
1:50 PM	3:40 PM	Scientific Papers - Gastrointestinal
1:30 PM	3:40 PM	Scientific Session IV-B: Chest (concurrent) <i>Jason Weinman, MD and Edward Y. Lee, MD, MPH, Moderators</i>
1:30 PM	1:50 PM	Update on ChILD - R. Paul Guillerman, MD
1:50 PM	3:40 PM	Scientific Papers - Chest
3:40 PM	4:00 PM	Break & Exhibits
4:00 PM	5:30 PM	Scientific Session V-A: Musculoskeletal (concurrent) <i>Sarah D. Bixby, MD and Peter J. Strouse, MD, FACR, Moderators</i>
4:00 PM	4:20 PM	Future Directions in Hip Imaging - Sarah D. Bixby, MD
4:20 PM	5:30 PM	Scientific Papers - Musculoskeletal
4:00 PM	5:30 PM	Scientific Session V-B: Genitourinary (concurrent) <i>Jonathan Dillman, MD and Jeanne S. Chow, MD, Moderators</i>
4:00 PM	4:20 PM	Current Imaging Management of UTI and Future Trends - Randolph K. Otto, MD
4:20 PM	5:30 PM	Scientific Papers - Genitourinary
	5:30 PM	Adjourn

PROGRAM

Annual Meeting Program 2015 (Continued)

THURSDAY, APRIL 30, 2015

<i>Start Time</i>	<i>End Time</i>	
6:45 AM	8:00 AM	Continental Breakfast & Exhibits
6:30 AM	5:00 PM	Registration
7:00 AM	8:20 AM	SUNRISE SESSIONS (CONCURRENT)
		Workshop for Process Improvement
		<i>Eva I. Rubio, MD, Moderator</i>
		David B. Larson, MD, MBA and Hedieh K. Eslamy, MD, Speakers
7:00 AM	7:10 AM	Introduction and Explanation of the Workshop
7:10 AM	8:20 AM	A theoretical problem with a department of radiology will be provided. The moderator-led discussion will allow the audience to define/frame the problem, the goal for improvement, the factors to measure and appropriate tools for metric assessment and for achieving goals.
		Reviewing for Pediatric Radiology
		<i>Peter J. Strouse, MD, FACR, Moderator</i>
7:00 AM	7:15 AM	Introduction: Overview of the Review Process - Peter J. Strouse, MD, FACR
7:15 AM	7:45 AM	Reviewing for <i>Pediatric Radiology</i> - Evaluation of a Manuscript - Geetika Khanna, MD, MS and Cynthia K. Rigsby, MD
7:45 AM	7:55 AM	From a Reviewer's Perspective: How I Approach a Review - Ethan A. Smith, MD
7:55 AM	8:05 AM	What Happens After Review: How to Make Your Reviews Most Helpful to the Editors - Peter J. Strouse, MD, FACR
8:05 AM	8:20 AM	Question and Answer
		Professionalism in Pediatric Radiology
		<i>Stephen D. Brown, MD, Moderator</i>
7:00 AM	7:20 AM	Professionalism in Modern Healthcare - Anastasia L. Hryhorczuk, MD
7:20 AM	7:40 AM	Error Disclosure in Radiology: Background, Rationale, and Process Considerations - Stephen D. Brown, MD
7:40 AM	8:00 AM	Developing Professionalism in Radiology Training - Brandon P. Brown, MD
8:00 AM	8:20 AM	Question and Answer
		Fetal Imaging: Tricks of the Trade
		<i>Erika Rubesova, MD, Moderator</i>
7:00 AM	7:20 AM	Fetal Lung Volume Measurements – Why, When & How? - Amy R. Mehollin-Ray, MD
7:20 AM	7:40 AM	Fetal Echogeniticies – Ultrasound and MRI - Mariana L. Meyers, MD
7:40 AM	8:00 AM	Congenital Diaphragmatic Hernia - Christopher I. Cassady, MD, FAAP
8:00 AM	8:20 AM	Question and Answer

PROGRAM

Annual Meeting Program 2015 (Continued)

THURSDAY, APRIL 30, 2015 (Continued)

Start Time	End Time	
		Initiatives of the ACR Commission and the ABR
7:00 AM	7:20 AM	ACR Initiatives - Marta Hernanz-Schulman, MD, FACR, FAAP
7:20 AM	7:40 AM	ABR Initiatives - Lane F. Donnelly, MD
7:40 AM	8:00 AM	New Horizons in Pediatric Imaging - Heike E. Daldrup-Link, MD, PhD
8:00 AM	8:20 AM	Question and Answer
8:30 AM	10:50 AM	Scientific Session VI-A: Interventional Radiology/Gastrointestinal (concurrent) <i>Leah Braswell, MD and Mark J. Hogan, MD, Moderators</i>
8:30 AM	8:50 AM	Interventional Oncology - Siddharth Padia, MD
8:50 AM	10:50 AM	Scientific Papers - Interventional Radiology/Gastrointestinal
8:30 AM	10:50 AM	Scientific Session VI-B: Musculoskeletal (concurrent) <i>Arthur Meyers, MD and Jerry R. Dwek, MD, Moderators</i>
8:30 AM	8:50 AM	Future Impact of Adolescent Sports Injuries and How Pediatric Radiologists Can Help Mitigate Long Term Effects of Sports Activity When Skeletally Immature - Jerry R. Dwek, MD
8:50 AM	10:50 AM	Scientific Papers - Musculoskeletal
10:50 AM	11:10 AM	Break & Exhibits
11:10 AM	12:30 PM	Scientific Session VII-A: Public Policy, Healthcare, Education, Technology (concurrent) <i>Richard M. Benator, MD, FACR and C. Matthew Hawkins, MD, Moderators</i>
11:10 AM	11:30 AM	A Pediatric Radiology Perspective on The Affordable Care Act - Jonathan Swanson, MD
11:30 AM	12:30 PM	Scientific Papers - Public Policy, Healthcare, Education, Technology
11:10 AM	12:30 PM	Scientific Session VII-B: Fetal/Neonatal (concurrent) <i>Shawn E. Parnell, MD and Christopher I. Cassady, MD, FAAP, Moderators</i>
11:10 AM	11:30 AM	Fetal Neck Masses - Christopher I. Cassady, MD, FAAP
11:30 AM	12:30 PM	Scientific Papers - Fetal/Neonatal
12:30 PM	1:45 PM	Lunch On Your Own
12:30 PM	1:45 PM	SPR Members' Business Meeting & Lunch
1:45 PM	3:55 PM	Scientific Session VIII-A: Neuroradiology (concurrent) <i>Susan Palasis, MD and Edward Weinberger, MD, Moderators</i>
1:45 PM	2:05 PM	Pediatric Stroke - Catherine Amlie-Lefond, MD
2:05 PM	3:55 PM	Scientific Papers - Neuroradiology

PROGRAM

Annual Meeting Program 2015 (Continued)

THURSDAY, APRIL 30, 2015 (Continued)

<i>Start Time</i>	<i>End Time</i>	
1:45 PM	3:55 PM	Scientific Session VIII-B: Oncology & Nuclear Medicine (concurrent) <i>Susan E. Sharp, MD and Victor J. Seghers, MD, PhD, Moderators</i>
1:45 PM	2:05 PM	Quantitative Imaging in Assessing Tumor Treatment Response - Adam M. Alessio, PhD
2:05 PM	3:55 PM	Scientific Papers - Oncology & Nuclear Medicine
3:55 PM	4:15 PM	Break & Exhibits
4:15 PM	5:25 PM	Scientific Session IX-A: Neuroradiology (concurrent) <i>Dennis W. Shaw, MD and Maura Ryan, MD, Moderators</i>
4:15 PM	4:35 PM	Management of Congenital Inner Ear Anomalies - David L. Horn, MD, MS
4:35 PM	5:25 PM	Scientific Papers - Neuroradiology
4:15 PM	5:25 PM	Scientific Session IX-B: Interventional Radiology (concurrent) <i>Matthew Lungren, MD and Manish Patel, DO, Moderators</i>
4:15 PM	4:35 PM	Treatment of Osteoid Osteomas - Giridhar M. Shivaram, MD
4:35 PM	5:25 PM	Scientific Papers - Interventional Radiology
	5:25 PM	Adjourn
6:30 PM	11:00 PM	Reception & Annual Banquet

FRIDAY, MAY 1, 2015

<i>Start Time</i>	<i>End Time</i>	
7:00 AM	8:00 AM	Continental Breakfast & Exhibits
7:00 AM	12:00 PM	Registration
7:00 AM	8:00 AM	US Protocol Session - <i>Laura Z. Fenton, MD and Nancy A. Chauvin, MD, Moderators</i>
8:00 AM	12:00 PM	Special Sessions (Concurrent)
		SPR POTPOURRI SESSION: CASE BASED LESSONS FROM THE EXPERTS (Non-SAM Session) <i>R. Paul Guillerman, MD and Teresa Chapman, MD, MA, Moderators</i>
8:00 AM	8:30 AM	Thoracic Imaging - R. Paul Guillerman, MD
8:30 AM	9:00 AM	Thought-provoking Cases in Pediatric Thoracic Imaging - Paul Thacker, MD
9:00 AM	9:45 AM	Elusive Diagnoses in Pediatric Radiology - James E. Crowe, MD
9:45 AM	10:00 AM	Break

PROGRAM

Annual Meeting Program 2015 (Continued)

<i>Start Time</i>	<i>End Time</i>	
10:00 AM	10:30 AM	Challenging Musculoskeletal Cases: The Good, the Bad and the Ugly - Diego Jaramillo, MD, MPH
10:30 AM	11:00 AM	Musculoskeletal Potpourri - Sarah D. Bixby, MD
11:00 AM	11:30 AM	Genitourinary Imaging - Grace S. Phillips, MD
11:30 AM	12:00 PM	Gastrointestinal Imaging - Ellen Benya, MD
	12:00 PM	Adjourn
8TH ANNUAL SPR EDUCATION SUMMIT (Non-SAM Session)		
<i>Carl Merrow, MD and Mahesh M. Thapa, MD, Moderator</i>		
8:00 AM	8:10 AM	Introduction: What are you doing with those teaching files? - Arnold Carl Merrow, MD
8:10 AM	8:30 AM	Beyond Slideshows: Innovative Presentation Methods - Mahesh M. Thapa, MD
8:30 AM	8:50 AM	E-Publishing - Mike L. Richardson, MD
8:50 AM	9:10 AM	How to Create a Teaching Portfolio - Angelisa Paladin, MD
9:10 AM	9:30 AM	International Outreach in Pediatric Radiology Education - Kassa Darge, MD, PhD
9:30 AM	9:45 AM	Break
9:45 AM	11:00 AM	Create Your Own eBook Workshop - Hank Baskin, MD
11:00 AM	11:20 AM	Educating from Peer Review - Arta-Luana Stanescu, MD
11:20 AM	11:35 AM	Coaching vs. Training - David B. Larson, MD, MBA
11:35 AM	11:50 AM	Deliberate Practice - David B. Larson, MD, MBA
11:50 AM	12:00 PM	Closing: A Call for Collaboration - Arnold Carl Merrow, MD
	12:00 PM	Adjourn
SPR NEURORADIOLOGY SESSION (SAM Session)		
Neuro Session I		
<i>Richard L. Robertson, MD and Dennis W. Shaw, MD, Moderators</i>		
8:00 AM	8:30 AM	BCH - Supratentorial Brain Malformations - Edward C. Yang, MD, PhD
8:30 AM	9:00 AM	Hindbrain Malformations - Giselle E. Ishak, MD
9:00 AM	9:30 AM	Inside Out: The Nature and Genetic Basis of Cortical and Subcortical Malformations - William B. Dobyns, MD
9:30 AM	9:45 AM	Discussion
9:45 AM	10:00 AM	Break
Neuro Session II		
10:00 AM	10:30 AM	Biology of Synostoses - Michael L. Cunningham, MD
10:30 AM	11:00 AM	Imaging of Craniosynostosis - Susan Blaser, MD, FRCPC
11:00 AM	11:45 AM	Surgical Considerations in Synostosis - Richard A. Hopper, MD
11:45 AM	12:00 PM	Discussion
	12:00 PM	Adjourn

PROGRAM

Annual Meeting Program 2015 (Continued)

<i>Start Time</i>	<i>End Time</i>	
		SPR NUCLEAR MEDICINE SESSION (SAM Session)
		<i>Marguerite T. Parisi, MD, MS and Susan E. Sharp, MD, Moderators</i>
8:00 AM	8:30 AM	Dose Reduction Strategies for SPECT/CT and PET/CT - Adam M. Alessio, PhD
8:30 AM	9:00 AM	SPECT/CT: Musculoskeletal Applications - Andrew T. Trout, MD
9:00 AM	9:40 AM	SPECT/CT: Oncologic Applications - Susan E. Sharp, MD and Michael Gelfand, MD
9:40 AM	9:55 AM	Break
9:55 AM	10:30 AM	PET/CT in Oncology: Usual and Unusual Tumors - Helen R. Nadel, MD, FRCP
10:30 AM	11:00 AM	PET in Epilepsy: The Added Value of MR - Jason Nixon, MD
		PET/MR: Oncologic Applications
11:00 AM	11:15 AM	MR Protocols - Matthew J. Goette, PhD
11:15 AM	11:30 AM	Feasibility of FDOPA-PET/MRI for Monitoring Response to Bevacizumab Therapy for Recurrent Pediatric Brain Tumors - Ephraim E. Parent, MD, PhD
11:30 AM	11:45 AM	PET/MR: Pediatric Solid Tumors - Victor J. Seghers, MD, PhD
11:45 AM	11:50 AM	Sequential Versus Simultaneous PET/MR Scanners: Advantages and Disadvantages; Managing Workflow - Matthew J. Goette, PhD, Victor J. Seghers, MD, PhD and Ephraim E. Parent, MD, PhD
11:50 AM	12:00 PM	Questions and Answers
	12:00 PM	Adjourn
		SPR INTERVENTIONAL RADIOLOGY SESSION (SAM Session)
		<i>Manish Patel, DO, Moderator</i>
8:00 AM	8:30 AM	Block 'Em: Hepatic, Splenic, and Gastrointestinal Embolization - Carrie M. Schaefer, MD
8:30 AM	9:00 AM	Embolization of Renal Angiomyolipoma - John M. Racadio, MD
9:00 AM	9:30 AM	Pulmonary Embolization - Mark J. Hogan, MD
9:30 AM	9:50 AM	Break
9:50 AM	10:20 AM	Embolization for Traumatic Injuries - Gulraiz Chaudry, MBChB, MRCP, FRCR
10:20 AM	10:50 AM	Liver Embolization, TACE/Y90 - Kamlesh U. Kukreja, MD
10:50 AM	12:00 PM	Interventional Case Club
	12:00 PM	Adjourn
		SPR HANDS-ON ULTRASOUND SESSION (Non-SAM Session)
		<i>Laura Z. Fenton, MD and Jenny McBroom, RT, RDMS, Moderators</i>
8:00 AM	9:15 AM	Appendicitis US - Jason Nixon, MD, Mark R. Ferguson, MD and Jenny McBroom, RT, RDMS
9:15 AM	10:30 AM	Hip US Pearls and Pitfalls - Michael A. DiPietro, MD
10:30 AM	10:45 AM	Break
10:45 AM	12:00 PM	Ultrasound of the Pediatric Shoulder and Elbow - Mahesh M. Thapa, MD
	12:00 PM	Adjourn

REGISTRATION

REGISTRATION FEES

Postgraduate Course (April 27-28, 2015)

<i>On or Before March 13, 2015</i>	<i>After March 13, 2015</i>	
\$425	\$475	Member - SPR, ESPR, AOSPR, SLARP
\$500	\$550	Physicians (Non-Members SPR, ESPR, AOSPR, SLARP)
\$300	\$350	Active Duty Military
\$200	\$250	Emeritus SPR Member
\$200	\$250	Radiologist-In-Training, Resident, Fellow, Nurse, Technologist, Physicist
\$75	\$75	Online access to the Postgraduate Course (April 27-full day, April 28-half day)*

*Available to non-meeting attendees only. If you reside outside of North America, online access is complimentary. Continuing education credits will not be bestowed for online participants. Advanced registration required, space is limited.

Annual Meeting (April 28-May 1, 2015)

<i>On or Before March 13, 2015</i>	<i>After March 13, 2015</i>	
\$525	\$575	Member - SPR, ESPR, AOSPR, SLARP
\$725	\$775	Physicians (Non-Members SPR, ESPR, AOSPR, SLARP)
\$350	\$400	Active Duty Military
\$200	\$250	Emeritus SPR Member
\$ 0	\$ 0	Radiologist-In-Training, Resident or Fellow (If attending the Annual Banquet, an additional \$100 fee is due with registration)
\$250	\$250	Nurse, Technologist, Physicist (If attending the Annual Banquet, an additional \$100 fee is due with registration)
\$175	\$175	Guest - Welcome Reception, Annual Banquet

Combined Postgraduate Course and Annual Meeting (April 27-May 1, 2015)

<i>On or Before March 13, 2015</i>	<i>After March 13, 2015</i>	
\$800	\$850	Member - SPR, ESPR, AOSPR, SLARP
\$975	\$1,025	Physicians (Non-Members SPR, ESPR, AOSPR, SLARP)
\$600	\$650	Active Duty Military
\$200	\$250	Emeritus SPR Member
\$200	\$250	Radiologist-In-Training, Resident or Fellow (If attending the Annual Banquet, an additional \$100 fee is due with registration)
\$450	\$500	Nurse, Technologist, Physicist (If attending the Annual Banquet, an additional \$100 fee is due with registration)
\$175	\$175	Guest - Welcome Reception, Annual Banquet

Registration should be completed online through the SPR website at www.pedrad.org. Online registration will close on April 10, 2015.

Onsite registration will be available; however, please note that the fee will increase. If you are interested in having your spouse/guest join you for breakfast each morning, please see the registration staff onsite to arrange for payment and obtain a ticket.

REGISTRATION

REGISTRATION *(Continued)*

Fees should be made payable to The Society for Pediatric Radiology in U.S. dollars only. All Foreign payments must be made on a U.S. bank. American Express, VISA, and Master Card are accepted for payment. All fees must be received at the time of registration.

Written verification of Radiologist-In-Training, Resident, Fellow, Technologist, Physicist or Nurse status will be requested upon registering.

Fees include tuition, teaching materials, continental breakfast daily, and coffee breaks as indicated on the program schedule. Unless otherwise indicated, Annual Meeting fees include the Welcome Reception and Annual Banquet for the registrant.

A \$75 administrative fee will be retained if you cancel your meeting registration. In order to receive a full refund of the balance, written notice must be received no later than April 10, 2015; thereafter, no refunds will be made.

One-day fees are available. Please contact meeting management for more information.

TRAVEL

The Hyatt Regency Bellevue is approximately 17 miles from Sea-Tac International Airport and nine miles East of Seattle. The Hyatt Regency does not provide shuttle service.

- Taxi Service – approximately \$45-\$50 one-way (subject to change)
- Shuttle Express – One-way fares starting at \$19/person (subject to change); call (425) 981-7000 or reserve online here
- Rental cars can be arranged through the airport or car rental provider of your choice.

SPECIAL EVENTS

SPR Research and Education Foundation Fun Run

Underwritten by Texas Children's Hospital
Tuesday, April 28, 2015
6:00 a.m.

Join us for this 5-Mile run around Bellevue Downtown Park and get your day off to a great start! Runners and walkers are all welcome. Entrance fee is \$25 and includes a T-Shirt.

Welcome Reception

Tuesday, April 28, 2015
6:15 – 7:30 p.m.
Hyatt Regency Hotel
Hors d'oeuvres and Refreshments
Casual Attire

Reception and Annual Banquet

Thursday, April 30, 2015
6:30 – 11:00 p.m.
Hyatt Regency Hotel
Reception, Dinner and Dancing
Business Casual

Activities

The Hyatt Regency Hotel employs a full-service concierge staff who are happy to share their detailed knowledge of Bellevue, Washington and the surrounding area. You may contact them by telephone at (425) 462-1234.

Additional information is included on the SPR website under the Events menu.

MEETING CONTACT

The Society for Pediatric Radiology
1891 Preston White Drive
Reston, VA 20191-4326
Telephone: (703) 648-0680 or (800) 373-2204
Facsimile: (703) 648-1863 SPRmeetings@acr.org

If you have any special needs, or dietary restrictions, please indicate this via the online registration form, or contact The Society for Pediatric Radiology at the above address or e-mail address, in writing, at least two weeks before the meeting to ensure that your needs are met.
