Physician Resources Committee

- Ellen C Benya, MD (chair)
- Rebecca L Hulett-Bowling, MD
- Vesna M Kriss, MD
- Sosamma T Methratta, MD
- Ramesh S Iyer, MD
- J. Bryan Mitchell, MD
SPR Physician Resource Committee

Collects and analyzes survey data from
- Current Pediatric Radiology Fellows
- Recently graduated Fellows
- Current Fellowship Program Directors

Additionally we are working with the AAP to collect data about our subspecialty. A survey from the AAP will be sent to all pediatric radiologists later this year.
Current Pediatric Radiology Fellows

- Received responses from 53 of 122 fellows
  - 38 of the respondents graduated from US medical schools
- After fellowship 46 plan to practice in the US
Current fellows 2012-2013

What were the primary factors in your decision?

- Working with children
- Working with pediatricians
- Interesting cases
- Multiple modalities
- Mentor
Current fellows 2012-2013

Why did you select this particular fellowship for your training?

- Reputation
- Recommendation
- Had been a resident there
- Location

Legend:
- a. location
- b. prior resident at this location
- c. reputation
- d. recommendation by attending
- e. need multiple fellowships for ABR eligibility
- f. other
Current fellows 2012-2013

What primary type of call do you take?

- Call from home with attending back up
- In house call

- a. in-house call
- b. call from home without attending back up
- c. call from home with attending back up
Current fellows 2012-2013

How satisfied are you with your fellowship? (rate from 1 to 5 with 5 being most satisfied)

- Most
- Least
Current fellows 2012-2013

How would you change your fellowship experience for the better?

- a. more research time
- b. more time in CT/MR
- c. more neuro-radiology experience
- d. more interventional experience
- e. more cardiac imaging experience
- f. more MSK imaging experience
- g. would not change my fellowship

More MSK imaging
Current fellows 2012-2013

Do you have a subspecialty interest within Pediatric Radiology?

- None
- Abdominal
- IR
- MSK
- Neuro
- All Other Responses
Regarding Future Jobs for the Current Fellows

- 36% will practice 100% pediatrics radiology
- 21% in mixed practice with >75% pediatrics
- 18% in mixed practice with 50-75% pediatrics
- 16% in mixed practice with 25-49% pediatrics
- 9% in mixed practice with <25% pediatrics
Current fellows 2012-2013

My accepted position will be:

- Full time position
- Part time position
Former Pediatric Radiology Fellows

- Received responses from 43 of 101 fellows
  - 33 of the respondents graduated from US medical schools
- 41 are now practicing in the US
- 2 are now practicing in Canada
Job Availability in Desired Geographic Region

2010-2011

In your job search, how many job opportunities were available in your desired geographic region?

- 0
- 1-3
- 4-6
- >6

2011-2012

In your job search, how many job opportunities were available in your desired geographic region?

- 0
- 1-3
- 4-6
- >6
Former fellows 2011-2012

How did you learn about your job?

- Word-of-mouth
- SPR website
- Headhunter
- Other
Former fellows 2011-2012

What percentage of your practice is pediatric radiology?

- 76-100%
- 51-75%
- 25-50%
- 0-25%
Starting Salaries

2010-2011

250-299 K

2011-2012

300-349K
Since you have been in practice, have you encountered any areas in which you feel your fellowship training was deficient? (choose all that apply)

- None
- Practice business management
- Medical Legal
- Specific modality
Pediatric Radiology Fellowship Program Directors

- Received responses from 42 of 52 of the current fellowship program directors.
- 39 of 42 programs are ACGME accredited.
- 32 offer only a one year fellowship.
Number of fellows in training

SPR data from Jennifer Boylan
Time for Elective Rotations

How much time do your 1st year fellows get for elective rotations?

- None
- 1-2 weeks
- 2-4 weeks
- 5-8 weeks
- 9-12 weeks
- More than 12 weeks

- 2-4 weeks
- 5-8 weeks
- 9-12 weeks
- >12 weeks
Subspecialty Training Opportunities

If yes, what type of additional subspecialty training do you offer?

- Pediatric Neuroradiology
- Cardiac
- Interventional Radiology
- MSK
- Other
Most important factors impacting our future Pediatric Radiology workforce

- Decrease in pediatric radiology positions
- ACGME rules change limiting training of international medical graduates
- Change in the structure of the 4th year of diagnostic radiology residency training
Finally…

Be on the lookout for the AAP subspecialty survey which will be sent out later this year.

We encourage everyone to complete the survey so we have accurate data about the state of our subspecialty.
